

## Survey on IIP (Individual Interagency Intervention Plan) for Professionals

My role on IIP teams is (circle one):

School staff

Community service provider

County social worker

Number of IIP teams I currently participate in: \_\_\_\_\_

If you don't participate on IIP teams at this time, do you think some of your clients could benefit from having a IIP? Yes      No      If so, how many? \_\_\_\_\_

*Please circle the number that best fits your response based on the IIP teams you are a part of.*

	5	4	3	2	1
	Strongly Agree				Strongly Disagree
1. Parents are asked to share their parent page at the beginning of the team meeting.	5	4	3	2	1
2. I feel that the team listens to my ideas. Please explain if you answered 2 or 1:	5	4	3	2	1
<hr/>					
3. The plan considers the needs of the child.	5	4	3	2	1
4. The child's goals from the family page are included in the process and planning.	5	4	3	2	1
5. The child's strengths are used in developing the plan.	5	4	3	2	1
6. The child's IIP includes global goals.	5	4	3	2	1
7. I feel I am knowledgeable about IIP.	5	4	3	2	1
8. I feel I have been adequately trained on using IIP. Please give some suggestions for future training if you answered 2 or 1:	5	4	3	2	1

*In the following section, please write a brief answer. Use the back if you need more room.*

1. Do you think the IIP is effective in coordinating across environments to build on a child's strengths? Why or why not?
2. Based on your experience, does using the IIP make a difference in the child's progress?
3. Please describe a success story or two that illustrates how the IIP has made a difference!
4. What elements of the IIP process (or document) do you think works well?
5. What elements of the IIP process (or document) pose challenges to the team?
6. Describe the atmosphere of collaboration among team members (parents, school personnel, social worker and other service providers).

**Script to be read at Rule 79 meeting**

Clay County has been asked to take part in a state-wide project to evaluate how effective the IIP (Individual Interagency Intervention Plan) is in improving the lives of children with special needs. The IIP Work Group of the Clay County Collaborative has agreed to collect data in our county. Getting feedback from service providers is an important part of the whole project. We ask that you take few minutes to provide us information on IIP based on your experience as a team member. Thank you for your participation.
