Summer Project: With the Arc being involved in the August 14 International Night, we were thinking that instead of reinventing a night out for our families that we should just encourage our families to come out that night and have some emphasis on the LAC that evening.

School Based Mental Health: The group discussed the meetings that the Collaborative has convened with parents and representatives from schools and mental health providers to discuss a school-based Mental Health program. Small groups will meet over the summer and a large group meeting will be held again in September.

Adjourned for the summer. The LAC will start up with the International Night on August 14 and then follow up with our meetings in September.

Next meeting: Wednesday, September 12, 8:30 a.m., meeting room 2 at the Family Service Center
